**Terms and Conditions
for Subscription to the Property Alert**

1. Upon approval of the application made by the Subscriber in the application form, there shall constitute an agreement between the Land Registry and the Subscriber (hereinafter called **“this agreement”**) that the Land Registry shall supply to the Subscriber the service as defined in Clause 3 (hereinafter called **“Property Alert”**) for such periods and at such subscription fees as specified in the application form subject to the terms and conditions herein contained. This agreement comprises the following documents, namely, the application form signed by the Subscriber (including its attachment), this Terms and Conditions, and the Personal Information Collection Statement referred to in the Subscriber’s application form. The personal data provided by the Subscriber will be governed by the policy stated in the Personal Information Collection Statement.

2. In this Terms and Conditions, unless the context otherwise requires,
 - 2.1 **“land register”**, in relation to any particular land property, refers to the portion of the record of a register computer kept by the Land Registrar for the purpose of regulation 14 of the Land Registration Regulations (Cap.128A) (**“LRR”**) for that land property;

 - 2.2 **“Property Reference Number”** (**“PRN”**) of a land register in relation to any particular land property has the same meaning as stated in regulation 2 of the LRR;

 - 2.3 **“days”** refers to calendar days;

 - 2.4 **“application form”** refers to the application form prescribed by the Land Registry for subscription to the Property Alert;

 - 2.5 Reference to any email address (including Property Alert Email Address), correspondence address or fax number shall be a reference to the last known email address, correspondence address and fax number on the records of the Land Registry; and

 - 2.6 Words and expressions importing masculine gender shall be interpreted as including neuter or feminine gender and vice versa; and words and expressions in the singular shall include the plural and vice versa.

3. The “**Property Alert**” means a notification service provided by the Land Registry to a Subscriber in respect of the land register of a particular land property for a certain subscription period. The service is to facilitate the Subscriber to monitor if any instrument affecting his property has been lodged for registration. To subscribe to the service in respect of the land register of a particular property (“**Selected Register**”), the Subscriber must be the current owner of that property as shown on the land register maintained by the Land Registry. To identify that particular property and the Selected Register, the Subscriber is required to provide the Land Registry with the address of that property or PRN of the land register of that property. Upon approval of the Subscriber’s application, Property Alert will be provided in respect of the Selected Register and the PRN thereof and the address of the property shown therein will be specified in the Customer Payment Receipt issued to the Subscriber. During the subscription period, when an instrument in respect of that property is delivered to the Land Registry or is being processed by the Land Registry for registration against the Selected Register under the Land Registration Ordinance (Cap.128), the Land Registry will send a notification to the Subscriber by email (“**Property Alert notification**”) providing the Subscriber with certain basic particulars of that instrument at one or more of the following different stages, where applicable, in the course of such registration process:

3.1 The instrument appearing in the “Deeds Pending Registration” section of the land register, namely, the information of the instrument is entered on the Selected Register as required under regulation 10(d)(i) of the LRR.

3.2 Removal of the instrument from the “Deeds Pending Registration” section of the land register, namely, the information of the instrument that has previously been entered as required under regulation 10(d)(i) of the LRR is removed from the Selected Register for whatever reason.

3.3 Completion of registration and imaging of the instrument, namely, the instrument is registered under regulation 14 and becomes available for search under the provision of regulation 21(1)(a)(ii) of the LRR.

After the completion of registration of the instrument, no further Property Alert notification will be issued in relation to that registered instrument.

4. Upon application for subscription to the Property Alert, the Subscriber shall pay the Land Registry a subscription fee for each Selected Register for the whole subscription

period in full in advance. Such fee varies according to the type of subscription and the duration of the subscription period. Details of the types of subscription, subscription periods and subscription fees are specified in the application form and they are subject to changes from time to time without prior notice. All subscription fees paid are not refundable unless otherwise provided in this agreement.

5. If the subscription fee is paid by personal cheque, the Property Alert may only be provided to the Subscriber after the cheque is cleared and the subscription fee is actually received in full by the Land Registry. Although such time may be later than the “subscription service starting date” as specified in the application form, no partial refund or pro rata deduction of the subscription fee will be provided by the Land Registry.
6. Fees for Renewal of Subscription and Additional Order:
 - 6.1 For a current Property Alert Subscriber, if an application for renewal of subscription for a Selected Register for another subscription period is duly made and delivered to the Land Registry before the deadline for renewal, namely, not less than 7 days before the expiry of the current subscription period (“**renewal deadline**”), the subscription fee will be charged at the rate for service renewal.
 - 6.2 After the renewal deadline for a Selected Register or after the termination of the Property Alert for a Selected Register for whatever reason, if the Subscriber is desirous of subscribing to the Property Alert for that same land register again, he is required to submit a fresh application and the subscription fee will be charged at the same rate as a new application.
 - 6.3 Subsequent addition of any order under the same Subscriber’s account will be regarded as a new application and the subscription fee will be charged at the same rate as a new application.
7. The Subscriber shall be solely responsible for the acquisition of his own computer equipment, software, skills or other technical support in order to have access to the notice, information or data provided by the Land Registry under the Property Alert.
8. The Subscriber must provide a valid email address for receiving Property Alert notifications and other correspondence issued by the Land Registry under the Property Alert (“**Property Alert Email Address**”). The notice, information or data provided by the Land Registry under the Property Alert will be sent to the

Subscriber's Property Alert Email Address by electronic means.

9. The Subscriber warrants that all email addresses provided by him to the Land Registry from time to time in the application form or any other form prescribed by the Land Registry are valid and that the Subscriber has full right or authority to use them. The Subscriber acknowledges and consents to that the Land Registry may act on the assumption that such email addresses (including the Property Alert Email Address) are for the Subscriber's own use and for the purpose of receiving the notice, information or data to be sent by the Land Registry in connection with this agreement. The Subscriber shall keep the Land Registry no harm and fully indemnified for any claim against the Land Registry resulting from his breach of this warranty.
10. The Subscriber acknowledges and consents to that the notice, information or data to be sent by the Land Registry under the Property Alert may be disclosed to the email account holder(s) of any email address(es) provided by the Subscriber on records. If the Land Registry is obliged to send any Property Alert notification or correspondence to the Subscriber under this agreement, the Land Registry's obligation will be discharged by sending it to the Property Alert Email Address. With effect from 14 June 2019, subscribers will no longer be given the option to receive a reminder of Property Alert notifications through an additional email address provided by the subscriber to the Land Registry. For subscribers who had applied for such reminder service before 14 June 2019, such service will continue to be provided for the remainder of the current subscription period but such reminder will be issued only at the sole discretion of the Land Registry without any legal obligation to do so. For the avoidance of doubt, such reminder service will not be provided after renewal of the current subscription.
11. The Land Registry does not warrant the reliability of the online network through which information, notices, notifications or messages are transmitted to and from the Land Registry. In providing the Property Alert, the Land Registry is only responsible for sending out the Property Alert notifications from the electronic system of the Land Registry to the Property Alert Email Address and there is no warranty that the notifications must reach the Property Alert Email Address or the Subscriber.
12. The Use of Verification Code by the Subscriber:
 - 12.1 Upon approval of the Subscriber's first application for the Property Alert by the Land Registry, an account ("**Subscriber's Account**") will be opened and maintained by the Land Registry for the Subscriber.

- 12.2 For Subscriber's Accounts opened between July 2015 to 25 January, 2019 in respect of the e-Alert Service (renamed "Property Alert" with effect from 28 January 2019) the Subscriber has an option to apply for a unique verification code relating to his Subscriber's Account ("**Verification Code**") to enable him to make application by post, courier service or online in respect of an application for service renewal, application for change of particulars or such other types of application announced by the Land Registry from time to time. But if an incorrect or invalid Verification Code is given in such an application, it will be rejected and the Subscriber will be notified to submit a fresh application. Request for checking accuracy or correction of a wrong code number given in an application submitted to the Land Registry will not be entertained.
- 12.3 The Subscriber shall take all possible measures to prevent abuse or leakage of the Verification Code assigned to him, and shall bear the risk of all adverse consequences due to any abuse or leakage. The Subscriber shall report any abuse or leakage of the Verification Code to the Land Registry as soon as he comes to knowledge of it or has reasonable suspicion of it. The report shall be made in writing by email, by fax or by post quoting the address of the property, the PRN or the Subscriber's Account number. The Land Registry may act on the Verification Code until there is a report of abuse or leakage which has led to the blockage of its further use.
- 12.4 With effect from 28 January, 2019, subscribers will no longer be given the option to apply for a Verification Code, no new Verification Code will be issued and request for replacement of a lost Verification Code will not be entertained. However, for subscriber currently holding a Verification Code, Clause 12.2 to 12.3 shall continue to apply.
13. Upon the Land Registry's approval of the Subscriber's application for the Property Alert in respect of a Selected Register or for renewal of subscription service, a verification email will be sent to the Property Alert Email Address provided by the Subscriber in the application form. If the Subscriber does not receive the verification email within 3 days from the date of the Customer Payment Receipt issued for the Property Alert in respect of that Selected Register, he should immediately notify the Land Registry in writing by email, by fax or by post quoting the address of the property, the PRN or the Subscriber's Account number for a double-check.

14. Termination of Service upon Change of Ownership:

The Property Alert for a Selected Register may be terminated by the Land Registry as soon as:-

14.1 the Subscriber ceases to be the current owner as shown on the records mentioned in regulation 21(1)(ea)(ii) of the LRR in respect of the Selected Register; or

14.2 the Selected Register has been closed by the Land Registry and no instrument will normally be registered against that closed Selected Register.
