### Liberal Studies Teaching Kit Online Version

Following the distribution in February 2013 of printed copies of a bilingual teaching kit on land registration in Hong Kong entitled "Decoding Land Registration" to all secondary schools which offer the Liberal Studies classes, the Land Registry launched an online version of the teaching kit in English, Traditional Chinese and Simplified Chinese on the Land Registry's [website](#) in November 2013. A hyperlink to the teaching kit is also available on the [website](#) of the Liberal Studies Web-based Resource Platform of HKedCity under "Reference L&T Material".

The teaching kit features the history of land registration in Hong Kong, the role and functions of the Land Registry and the reform of the land registration system in Hong Kong. It provides students with a one-stop and interactive information platform for conducting independent study. It also assists teachers to conduct research on information for preparing classroom discussions and activities on the subject.
